

Additional solutions from Planet Waves offering easy connectivity: P047NNN Intersect and PW-GPT-2 1/4" Plug.

P047NNN INTERSECT

This adapter is a unique solution from Planet Waves eliminating the need to ever use another "Y" cable again. Intersect any three Planet Waves cables to split a signal, creating any variation of connection needed. The Intersect is another solution that allows organized custom installations.

PW-GPT-2 1/4" PLUG

The PW-GPT-2 1/4" Plug has 24-karat gold plated contacts and a satin silver finish. The connector features a patented compression spring on the base of the plug shaft for secure connection.
