

# SSF™ FKIT03P-T Fiber Optic Combo Kit

Part: SSF-FKIT0P-T

The Cleeerline SSF™ FKIT03P-T Fiber Optic Combo Kit provides all the items necessary to terminate fiber and certify it to TIA-568-C standards. This combo kit includes all the components of the SSF-FKIT03P termination kit and the SSF-TKITP-400 testing kit.

The included high precision wheel cleaver is factory adjusted to cleave more durable SSF™ fiber. Up to 48,000 cleaves are possible via the cleaver's easy blade position adjustment. Termination tools also include a 650 nm visual fault locator, precision fiber strippers, cable slitter, and other hand tools.

The SSF™ TKITP Power Meter and Light Source test both multimode and single mode fibers for network certification to TIA-568-C standards. Four wavelengths can be tested, with a range of 70 decibels (dB). Additional features include auto wavelength identification and storage of up to 1000 test records.

All items are contained in rugged cases that keep the items within neat and organized.

## PART NUMBERS

SSF-FKIT03P-T Fiber Optic Combo Kit

## KIT CONTENTS AND FEATURES

| Termination Kit |                                | Testing Kit |                                 |
|-----------------|--------------------------------|-------------|---------------------------------|
| 1               | Precision wheel fiber cleaver  | 1           | Power Meter                     |
| 1               | Visual fault Locator, 650nm    | 1           | Light Source                    |
| 1               | 2.5 to 1.25mm SC to LC adapter | 2           | 5.0 V power supply              |
| 1               | Aramid strand fiber shears     | 1           | SC-SC OM3 Reference patch cable |
| 1               | Tri-hole fiber strippers       | 1           | LC-SC OM3 Reference patch cable |
| 1               | 6" side cut pliers             | 1           | SC-SC OS2 Reference patch cable |
| 1               | Round cable slitter            | 1           | LC-SC OS2 Reference patch cable |
| 1               | Fiber optic cleaning cube      | 2           | ST adapter                      |
| 1               | 250 ml alcohol dispenser       | 2           | FC adapter                      |
| 1               | Safety glasses                 | 1           | SC-SC female adapter            |
| 1               | Fiber optic disposal unit      | 1           | LC-LC female adapter            |
| 1               | Black marker                   | 1           | Downloadable PC software        |
| 1               | 50 mm ruler                    | 1           | Carrying case and strap         |
| 1               | Carrying case                  |             |                                 |
